

## **BCHE4510**

### **Guidance and Instructions for Test #2**

- 1) The test will cover lecture material from the §3.F - §3.I
- 2) The test will be calculation-intensive, comprising the following components (with weights):
  - Enzyme inhibition (~30%)
  - Immobilized enzymes (~50%)
  - Purely mass transfer without an enzyme (~20%)
- 3) During the test you will be permitted to use your class notes, but not your book. I suggest you organize your class notes with “sticky-notes” as tabs to indicate location of key equations, etc.
- 4) You will be supplied with an answer sheet and with graph paper. Use the graph paper to make an accurate plot.
- 5) You should bring a straight edge.
- 6) Arrive before 10:08 (Eiteman cell phone time). The test will begin at 10:10 promptly.
