

BCHE4510

Guidance and Instructions for Test #2

- 1) The 60.0 minute test will cover lecture material from §3.F - §3.I
- 2) The test will be calculation-intensive, comprising the following components (with weights):
 - Enzyme inhibition (~25%)
 - Immobilized enzymes (~55%)
 - Purely mass transfer without an enzyme (~20%)

(There will be 'concept' questions imbedded within the calculation questions.)
- 3) During the test you will be permitted to use
 - a) your class notes, either a hard-copy or a digital version
 - b) your "Interlude" packet, either a hard-copy or a digital version
 - c) one side of an 8 ½" × 11" sheet of paper with any information you wish.
 - d) your own calculator of any type.

You are not permitted to use the course text book.
- 4) You will be supplied with an answer sheet and with graph paper. You may also use your own graph paper. Use the graph paper to make an accurate plot.
- 5) You should bring a straight edge.
- 6) Arrive before 8:28 (Eiteman cell phone time). The test will begin at 8:30 promptly.
